About IJTEMT

www.ijtemt.org

International Journal of Trends in Economics Management and Technology (IJTEMT) is an International Academic Journal e-published bimonthly in India and open to the world.

In this present interdisciplinary era, here at IJTEMT, a group of intellectual came together to find a common platform for three major components of any economy i.e., Economics, Management and Technology. Here we provide a forum to bridge the gap between the brushed-up professional in their respective fields and the new researcher which will results in better understanding and fruitful outcomes.

The focus of this journal is to publish paper on economics management and technology. Submitted papers are reviewed by a full double "blind manner by the technical committee of the journal. The audience for the journal is professionals from related fields, academicians and new students & research scholars.

All submitted articles should report original, previously unpublished research results, experimental or theoretical, and will be peer-reviewed. Articles submitted to the journal should meet these criteria and must not be under consideration for publication elsewhere. Manuscripts should follow the style of the journal and are subject to both review and editing.

Guidelines for submission and Review Process:

www.ijtemt.org

IJTEMT welcomes author submission of papers concerning any branch of the economics, management and technology and their applications in business, industry and other subjects relevant.

The review process goes through following phases which can take time from ten days to two months:

- a. Each manuscript will be initially evaluated by the editorial board / editor, who may make use of appropriate software to examine the originality of the contents of the manuscript.
- b. The manuscripts passed through screening at above noted level will be forwarded to two referees for blind peer review, each of whom will make a recommendation to publish the article in its present form/edit/reject. During this period referees shall treat the contents of papers under review as privileged information.
- c. The reviewers' recommendations determine whether a paper will be accepted / accepted subject to change / subject to resubmission with significant changes / rejected.
- d. For papers which require changes, the same reviewers will be used to ensure that the quality of the revised paper is acceptable.
- e. All papers are refereed, and the Editor-in-Chief reserves the right to refuse any typescript, whether on invitation or otherwise, and to make suggestions and/or modifications before publication.
