liming.freetoasthost.net?

The screenshot shows a web browser window with multiple tabs. The active tab is 'Meeting Agenda - x' showing the URL 'https://7012.toastmastersclubs.org/agenda.html'. The page title is 'Site Administration'. There is a navigation bar with buttons: 'Basic Settings', 'Appearance', 'Home Page', 'Meeting Info/Directions', 'Social Links', 'Floater Messages', 'Access Settings', 'Administrator Info', 'Website Statistics', and 'About'. The 'Floater Messages' section is active, displaying instructions on how to customize messages for members and non-members. It includes a text editor for the 'Non Member Message' with the text 'Join Us to Discover Your Leadership and Speaking Skills!'. A note states: 'Leaving this blank means that no message will pop up for the non-member.' The browser's taskbar at the bottom shows the time as 8:56 PM on 10/30/2018.

## Basic Settings

The screenshot shows the 'Basic Settings' section of the website administration interface. It includes a text area for an example URL: 'Example, "Public Speaking, Leadership, Toastmasters, Nowheresville NC, speeches, confidence"'. Below this are two input fields: 'Website Alias' (containing 'liming') and 'Custom Website Domain'. A note explains that the alias will be used in place of the club number in the URL. Another note states: 'Make sure you own the domain and have moved it first!'. A 'NOTE' section explains that setting up a custom domain is a technical task and recommends reading 'Instructions for setting up a Custom Website Domain'. Below this is a section for 'Registrar Information (for Custom Website Domains)' with a large text area. A note advises entering registrar details if using a custom domain. At the bottom, there is a 'Locale Settings' section with a 'Club Time Zone' dropdown menu set to 'US/Eastern'. A note indicates that selecting the local club time zone is important for calendar entries. The browser's taskbar at the bottom shows the time as 9:07 PM on 10/30/2018.

Floater Messages Access Settings Administrator Info Website Statistics About

Floater messages appear at the top of the page when a member or non-member visits your website. This message can be customized for the member and for the non-member. The message will appear once per web browsing session. (If a website visitor closes their browser and then reloads it, the message will appear again.)

**NOTE:** If you want to force the floaters to show for testing purposes, you can either click the following after saving floater changes or enter it in your browser's address bar: <https://liming.toastmastersclubs.org/?showfloaters>.

**Non Member Message**

Join Us to Discover Your Leadership and Speaking Skills!

Leaving this blank means that no message will pop up for the *non-member*.

Website Statistics About

The following settings allow you to set up tracking mechanisms to enable you to analyse how many people are visiting your website, who they are, which web pages are actually being viewed, and how often they are being viewed.

**Website Hit Counter**

☒ Enable Hit Counter ☐ Reset Hit Count Hit Counter Text Color

Here you can set up a simple hit counter to be displayed in a color of your choice at the bottom of your screen. It shows the number of unique IP addresses that the system has detected for website visitors--this is an indication of the number of unique visitors. If you are in a company club, this may be inaccurate for technical reasons, so we do not recommend using this for company clubs.
