Hello,

A "Not a Member" link was clicked in an email to request that Luda Rizhsky be moved to Former Member status in the website for club 3595, Dayton Road Toastmasters Club.

If you clicked that link, then please also click the following link to confirm that your status should really be changed to Former Member status in the website:

[https://3595.toastmastersclubs.org/?action=NotAMemberNow&mid=00992674&\\_=\\_QZBA&confirmed=Y](https://3595.toastmastersclubs.org/?action=NotAMemberNow&mid=00992674&_=_QZBA&confirmed=Y)

If you did not click that link, then please just ignore or delete this email.

(You may also want to discuss disabling the "Not a Member" links with your club website admin or discourage your members from forwarding emails.)

Note that this only affects your status in the club 3595 website. It does \*not\* affect your status with Toastmasters International--that is separate and different.

>>> We apologize for requiring this extra step--it has become necessary due to problems caused by people clicking the "Not a Member" link in emails forwarded to them (not originally sent to them).

Thank you for all that you have accomplished in Toastmasters and all that you have contributed to your club!
