Hi Denise,

This is a test to see if you receive emails using the club alias (vpm-7850496@toastmastersclubs.org). If so, please reply. Currently, I get an error message whenever I try to email you from jennyliu.tm@gmail.com and we're both listed as officers on FreeToastHost's Membership Management module.

Maya: Did Jenny just add this email address to her profile very recently? (just checking if she maybe sent email from it

before putting it in her profile)

I have confirmed that the email address is not blacklisted.

I have confirmed that the vpm email address is not disabled by the VPM.

Please have Jenny send a test email to the VPM email address but prefix the subject line with {{trace,savein}} . This will save some troubleshooting information that I can take a look at.
