Edit role

Maccabi Toastmasters Club

Role

Table Topics Evaluation - Even: 2, 4, 6

- [ ] This is a speaking / prepared-speech role
- [ ] This role evaluates a prepared speech

  This role evaluates a prepared speech (Speech Evaluator).
- [ ] Auto-fill this member across all same-role rows in a meeting

  When checked, assigning a member to any agenda slot with this role automatically fills all other slots using the same role in that meeting. Use for roles that are always one person (e.g. Toastmaster of the Day). Leave unchecked for roles with multiple independent people (e.g. Evaluator, Speaker).

Default planned minutes

4

Auto-filled when this role is added to an agenda (0 = no default).

- [x] Members may sign themselves up for this role

  Members may sign themselves up for this role.

- [ ] Exclude from history / accomplishment reports

  For rows that are not really a member accomplishment (a break, a business session, a guest slot). Rows using this role are left out of the Role Report, the role tallies and the member history, and new agenda rows built from it are created already excluded.

Sort order

300

Lower numbers appear first in dropdowns.

Description (optional)

The Table Topics Evaluator provides concise, encouraging feedback on each table topic response and includes recommendations for improvement. Time is generally limited to 3 - 4 minutes with a 30 second leeway. More time may be allowed if more than 3 table topics are evaluated.

- Speakers: 2, 4, 6
- Range: 3 - 4 min

CHARS: 258 WORDS: 54 POWERED BY JODIT

What this role does. Printed under the role on agendas that use it, unless that row has a description of its own.

- [ ] Rename on templates, past and future agendas

Updates the display name wherever it exactly matches "**Table Topics Evaluation - Even: 2, 4, 6**" — including rows carried over from the old site that show that name but were never linked to this role, so your history reads as one role throughout. Rows with custom names (e.g. "Table Topics Evaluation - Even: 2, 4, 6 — Welcome") are left unchanged.

☐ Apply these settings to existing agenda templates

Makes every agenda template row using this role match it on minutes, description, sign-up, speech / evaluator and history-exclusion — including rows carried over from the old site that show "**Table Topics Evaluation - Even: 2, 4, 6**" but were never linked to it. All of these settings are applied, not just the ones you changed on this screen, so a row someone gave different minutes is reset to this role's default. A row with a description of its own keeps it. Dated agendas are not touched — they pick these up when a new meeting is built from a template.
